

An Opportunity for CAVM
Students

CAVM INTERSHIP AT SEAWORLD ✨

PRESENTATION PURPOSE

Through a contact, we've been offered an opportunity to intern at Yas SeaWorld Research & Rescue for a duration of 4 weeks with Dr Hung Nguyen as well as a number of his colleagues. what we need now is help from the UAEU's CAVM Faculty. Regarding, Transportation, Accommodation as well as Reference Letters.

Duration: 4 weeks starting End of July

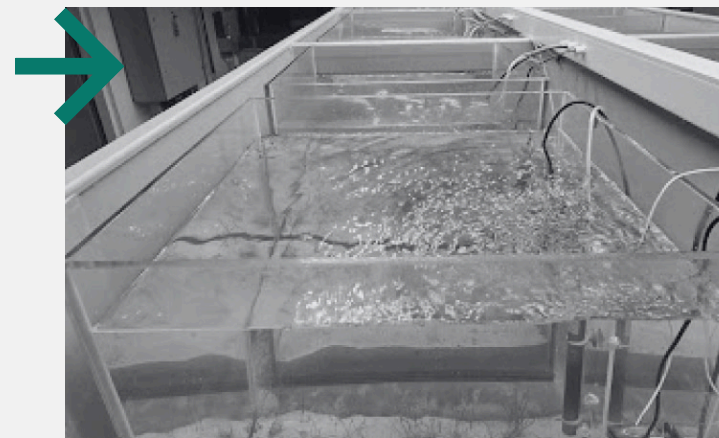

Why is this a golden opportunity?

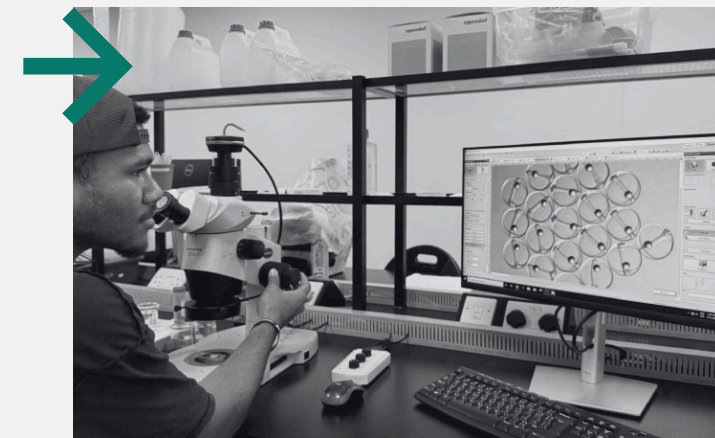

Learn with Industry professionals

Mentorship from marine scientists and industry professionals. This including some of their ongoing research as well as what the UAE's research and work field is focused on

Equipment, Labs & Experience

Hands-on experience at the largest dedicated marine research and rescue center in the region. Access to tools and labs that aren't easily available making this an important opportunity.

Limited Availability

YASRR, is limited in its capacity to accept students let alone applicants, an opportunity like this is not available and is considered once in a life time.

Certification & Change

Students will receive a certificate once their 4 weeks are done. Not only that but they will get to experience truly what environmental impact their careers have.

Limited spots are
available 8 in total.

Four Departments to Choose From.

01

Marine Ecology: Sea Grass

Fish ecology and seagrass –
experimental design, data
collection, and ecological surveys.

Recommended for Marine
Fisheries & Agriculture Students

02

Aquaculture

Husbandry and live feed vultures -
hatchery work, system care,
feeding, and water quality tasks.

Recommended for Agriculture &
Marine Fisheries Students

03

Marine Ecology: Fish

Fish ecology and seagrass –
experimental design, data
collection, and ecological surveys.

Recommended For Animal
Science & Marine Fisheries
Students

04

Marine Animal Rescue & Rehab

Routine maintenance of facility,
rescue protocols, shadowing of
animal care.

Recommended For Vet Students

you want to apply? (No AI)

03

5 Min Interview with
Seaworld Faculty

04

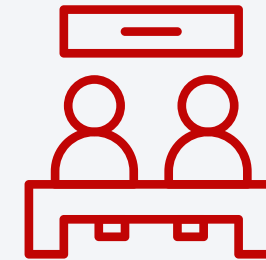

Send Details to Rashed Abdulhakim
202331374@uaeu.ac.ae

What's Needed from UAEU CAVM Faculty

Student Nominations, as well as reference letters for student.

If you believe that there is a student who will extremely benefit from this opportunity to work along side industry professionals at Yas SeaWorld Research & Rescue, be sure to send them this presentation. Alongside writing a reference letter as to why you think this student will excel.

Permission Slips, Transportation & Accommodation

The duration will be from End of July till Mid August before Fall semester begins. As such students will need **permission to stay in UAEU Dorms**, as well as **transportation from UAEU Dorms to Yas SeaWorld Research & Rescue's Facility in Abu Dhabi.**

Thank You
